To whom it may concern,

My name is Stacy and I grew up in Monticello. I no longer live locally, but often come back with my children to visit. When I was growing up, there were outdoor parks, a four screen movie theatre and a simple bowling alley to help entertain kids after school, on weekends and in the summer. A lot has changed in the 20+ years since I graduated, but one thing the local community does not have is an indoor playground. Indoor playgrounds have been becoming more and more popular for the last 10 years or so and we have visited quite a few. They are an excellent way to burn energy for the littles, especially in weather conditions that prevent outdoor play. I am writing today to show my support for this indoor playground and hope to be able to visit it later this year when it is up and running.

Thank you,  
Stacy Goodwin
